Introduction

There are currently 18 Competitive Sports Clubs administered by the Rochester Institute of Technology's Center for Intercollegiate Athletics & Recreation (CIAR) and Center for Campus Life (CCL) and recognized by Student Government (SG). Each club is comprised of enthusiastic, hardworking, and dedicated athletes who organize, fund, and promote their clubs with the ultimate goal of competing against other colleges on both a regional and national level.

Competitive Sports Clubs provide unique opportunities for students to participate, compete, and develop skills in a variety of sports. These clubs actively recruit both new and experienced student athletes during the year, and through weekly practices, prepare for intercollegiate competitions. Competitive Sports Clubs are governed by regulations of both the Department of Intercollegiate Athletics & Recreation and the Sports Club Federation. Sports club members represent both their club and the Department of Intercollegiate Athletics & Recreation as well.

The success of the Competitive Sports Club program at RIT is the result of dedicated student leaders volunteering their time, effort, and guidance to their respective clubs. Sport club officers provide strong leadership as well as a vision that carries each club into the new academic year. This handbook has been created to assist you and to develop continuity in the administration and creation of the Competitive Sports Club program. Contained in this handbook are the policies and procedures that each competitive sports club is expected to follow. Additionally, this document contains guidelines for the Club Sports Federation and its successful creation and implementation. We hope this will be a useful resource throughout the implementation of and future longevity of the Competitive Club Sports program at RIT.

Good luck to you and your clubs this year!

Overview of Competitive Sports Clubs

What is a Competitive Sports Club?

A **Competitive Sports Club (CSC)** is comprised of a group of students enrolled at RIT who form an organization to practice and compete in a sport. All of these clubs (of which we have 18 currently), are considered to be a part of both the Center for Campus Life's Student Government Recognized clubs and the Department of Intercollegiate Athletics & Recreation. There are a number of other sport-related student organizations at RIT, but these groups are not advised by Student Government, the Center for Campus Life, or the Department of Intercollegiate Athletics & Recreation as "recognized competitive sports clubs" on campus. Competitive sports clubs are instructional, recreational, competitive, and social in nature with a **strong emphasis on competing against other colleges and university sport club programs.**

How do Competitive Sports Clubs differ from Varsity Sports?

Competitive Sports Clubs differ from Varsity Sports in that the NCAA Division 3 sanctions Varsity Sports. Sport clubs are responsible for their own administration and for many, if not all, of their own expenses. Unlike varsity sports, students themselves manage the sports clubs they participate. Sports clubs are required to have a faculty advisor and may choose to hire a coach/teaching assistant by approval from the Center for Campus Life. The Assistant Director of Athletics and The Clubs Administrative Coordinator oversee the RIT Competitive Club Sport Program.

How do Competitive Sports Clubs differ from Intramural Sports?

The intramural sports program provides an opportunity for students, faculty, staff, and other members of the university's community to participate in team and individual sports against other RIT teams or opponents. The purpose of intramurals is to provide exercise, recreation, and fun for all participants. The intramural sports program is different from sports clubs in that sports clubs travel to college and university campuses/cities to compete, and schedule their own practices, games, and tournaments.

How do Competitive Sports Clubs differ from Recreational Sports Clubs?

Competitive sports clubs utilize a great amount of time, space, and money to operate because of their competitive nature and need to travel and practice to compete. Recreational sports clubs are sports clubs that are SG recognized but are **NOT** allowed to compete with other college and university club sport teams more than once per quarter. Recreational sports clubs are recognized by SG's Club Review Board and abide by all SG policies and procedures for clubs. At any time, a recreational sports club can fill out a Competitive Sport Club Recognition Packet to apply to become a Competitive Sports Club. The Competitive Sports Club Federation then has the authority to review this application and decide on admittance.

Competitive Sports Club Federation (CSCF)

Budget Proposals and Financial Planning

Under the evaluation system, all Competitive Sports Clubs will submit their budget proposals to the Clubs Administrative Coordinator and CCL Financial Coordinator at the beginning of spring quarter by the date provided by him/her. These can be emailed or hard copies dropped off to their respective offices in the Campus Center. If you email it in, please include both the Clubs Administrative Coordinator and the CCL Financial Coordinator. The Assistant Director of Campus Life, CCL Financial Coordinator, Clubs Administrative Coordinator, Club Sports Coordinator from the CIAR, and SG Director of Organizational Recognition will review the proposed budgets and work with club officers to establish a “working budget”. The working budget is the dollar amount that the club will need in order to function efficiently for one academic year. **All budget proposals submitted in the spring are for the following academic year, NOT the current one.**

The following is a generalized guide for what the average budget proposal may include:

1. Club Operating Expenses: Daily operation of the club
2. Game/Match Expenses: These expenses include, but are not limited to participation, league fees, judges' fees, championship fees, and facility rental fees
3. Travel Expenses: These expenses include travel to and from an event, including vehicle rental, airfare, fuel, and lodging. **Food is not included.**
4. Equipment: These expenses include only items that are deemed essential for performance of the club's sport, such as balls, bats, flags, etc. This should not include personal equipment such as uniforms, T-shirts, shoes, or trophies as these items should be funded from fundraising or dues.
5. Fundraising/Dues: This is the amount of income the club expects to attain from fundraising, donations, and member dues

Once a working budget has been established, the Assistant Director of Campus Life, Club Sports Coordinator from the CIAR, CCL Financial Director, Clubs Administrative Coordinator, and SG Director of Organizational Recognition (or a combination of these people) review the working budgets of all the Competitive Sports Clubs. The allotted budget for Competitive Sports Clubs for the following academic year will be allocated to each of the CSC's as deemed most appropriately needed.

Budget Tiers

Competitive Sports Clubs can occupy a Tier 1, Tier 2, or Tier 3 financial status. These tiers are determined annually during the spring when budgets are being allocated. When a Competitive Sports Club is established, it is not initially given a budget to work with. There is an interim period from the time of the club's acceptance until the following fall by which the club must work to gain membership, collect dues and complete fundraising. In the spring, a club can request a budget during the budget allocations.

Competitive Sports Clubs can occupy one of three financial tiers:

1. Tier 1 Competitive Sports Clubs receive **NO** budget per academic year
2. Tier 2 Competitive Sports Clubs may receive a budget of **\$400 or less** per academic year
3. Tier 3 Competitive Sports Clubs may receive a budget of **over \$400** per academic year

If at any time a Tier 1 club would like to move up to become a Tier 2 club, or a Tier 2 club to a Tier 3 club, this can be done by meeting with the Clubs Administrative Coordinator and following their instruction. This applies to all clubs that have a budget, but not to newly recognized clubs who have not yet received a budget and are in the interim period.

Requesting for Additional Funds

Any Competitive Sports Club can request additional funds from Student Government at any time throughout the year. An Application for Additional Funds (AFAF) can be completed and returned to the SG Director of Organizational Recognition to obtain money for an event/item the club needs help funding.

Student Government will NOT fund:

1. Reimbursement for member dues
2. Payment of a Coach/Trainer (Coaches and trainers are volunteer positions)
3. Exorbitant financial requests for travel or equipment
4. Jersey requests

Competitive Sport Club Funding

All Competitive Sports Clubs that comprise the CSCF are given an operating financial account, which is managed through the Club Center Financial Department.

1. What a Competitive Sports Club can use their Club Budget Account for:
 - a. Motor, Bus, or Airfare
 - b. Lodging
 - c. Tournament and Competition Fees
 - d. Equipment
 - e. Team Uniforms (**MUST** be approved by the Club Administration Coordinator)
 - f. Rental Fees
 - g. Referees/Judges
 - h. Publicity
 - i. Depositing fundraising, club dues, and donations (which can later be used to pay for items throughout the year)
2. How to Complete Financial Transactions
 - a. All Competitive Sports Club members who complete financial transactions **MUST** be financially certified by the CCL
 - i. Financial certification can be completed online at: <http://campuslife.rit.edu/cfc/cfc.swf>
 - ii. Take the online test at the end of the tutorial
 - iii. Upon completion and passing the online test, you may complete financial transactions
 - b. All forms for financial transactions can be completed at the Club Center and may be found online at <http://campuslife.rit.edu/main/clubs/resources>
 - c. If you have any trouble filling out financial request forms, please visit the Club Center and request help

Travel

If your club is planning on traveling and needs to book lodging and transportation, you **MUST** see the CCL Financial Coordinator for clubs to set this up:

1. First, your event must be registered with EVR (campuslife.rit.edu/evr)
2. Make an appointment at the Club Center with the CCL Finance Coordinator.
3. You must bring the appropriate paperwork (EAF, Room Chart, etc.) to this meeting to book the transportation. Prior to the meeting, you should have researched hotels, airfare, and travel expenses and companies so you are prepared with your needs.
4. Remember, RIT has several contracts with vendors including travel agencies, bus lines and vehicle rental facilities.

Please do not plan your travel on your own and then expect to be reimbursed by receipts. There are frequent instances in which this can not be done and RIT is not responsible for reimbursing the student as repayment cannot be guaranteed. Non-authorized purchases will be the responsibility of the individual making the purchase.

Hazing Policy

State Law

In accordance with New York State law and Institute Policy, neither Student Government, nor any organization it recognizes, shall engage in any hazing of any kind.

Failure to Comply

Failure to comply with the above will result in possible revocation of recognized status in the case of a recognized group, or possible impeachment for all parties involved in the case of the Student Government Executive Branch or Senate.
